The Chrysalis Directory

An interactive membership directory is available to members on The Chrysalis Group website. For the sake of privacy, we only include members' first and last names in the directory by default. Members can log in to the website and select any additional information they would like to include, such as home and email addresses, phone numbers and other contact information.

We regard our membership directory as an important way to maintain and nurture our community. Out of respect for one another, we will not distribute information about our members to other organizations or use it for marketing purposes.
